

Lovely Distraction

I met him over five years ago, when I was still going to the University of Tennessee. I was on spring break and having drinks at a local bar called Havens at home in Huntsville. That was the exact moment when my path collided with Jamieson Wellington and my life was forever changed. He was unlike anyone I had ever met before. I knew I would never be able to forget him after that night, nor did I want to. But unfortunately for us, fate was not kind. Now as I sit on this airplane about to leave for my bachelorette party in Las Vegas, I look up to lock eyes with the one person who continuously haunts me, day and night. I fight back a sick feeling in my gut, knowing my life has just forced me to a crossroads. I feel the static electricity in the air between us and I know I'm not strong enough to resist him. I never have been, but this time I have so much more to lose. This time Jamieson may just ruin me completely.
