

Rescue Me: A Bad Boy Military Romance

ELLA: I need to put some distance between me and my psycho boyfriend before things go sideways. That means leaving California and going home - to Texas. But what waits for me looks like at least as much trouble - trouble in the form of my first crush, my first love, my first everything. Luke Davis wasn't much more than a kid when he ran off to join the military. Now he's back after three tours of duty and the only thing he wants to see is me. He's six foot four of brawn and ink and menace and talking about second chances. LUKE: I broke Ella's heart eleven years ago and I should stay far, far away from that gorgeous, curvy temptation. But one look at her and I know I need her back. I want her in my arms and in my bed. She's skittish, for sure. But I won't let anything stand in my way. If her low-life ex shows up in town making more threats I'm going to show him and everyone else that Ella has always belonged to me. RESCUE ME is a standalone romance novel with steamy scenes, no cheating, and a happily ever after.
