

Spirituality and Recovery: A Classic Introduction to the Difference Between Spirituality and Religion in the Process of Healing

Spirituality is recognizing that we have the power to change the things in our lives that bring us pain. Whether its simply a life in need of greater positivity or a life ravaged by addiction, each of us holds the key to initiating the healing process. Spirituality is recovery. This is the essence of the message in Spirituality & Recovery: A Guide to Positive Living by noted author and speaker Reverend Leo Booth, who has years of sobriety. In this third edition of a powerful and timeless classic, readers will learn that spirituality connects with creativity, bringing insights into how to live a authentic life. The drug addict who desperately wants to break from his dependency, the emotionally needy person who wants to stop craving the attention of others, the widow whose life feels empty and discontent, the young adult who feels guilty because of a detachment from religionthese are some of the countless people who will benefit from the journey taken in Spirituality & Recovery. With a broad spectrum of references from music, dance, theater, sexuality, relationships, nature, personal experiencesand yes, the BibleRev. Leo shows readers that while a person is often born into a religion, spirituality is an expression of self. He takes an unconventional approach to explaining religion in a more inclusive manner and talks about what it truly means to walk on water. Spirituality & Recovery affirms that you dont need to get spirituality; instead, you discover it, because spirituality has already been given to usall of usat birth. Spirituality & Recovery will show readers how to:

- * Identify the difference between existing and living*
- * See the spiritual through the pain*
- * Recognize moments in your life when you can see and understand who you really are, turning a moment of suffering into an opportunity for growth and even joy*
- * Embrace the poetic concept that walking on water is something anyone can

do* Understand and live with something we all have two heads a sick head and a healthy head* Identify your IC that certain something that turns someone who uses alcohol into a destructive alcoholic * Surrender to live and find your miracle way to live with your pain, whether physical or psychological Spirituality & Recovery serves as a much-needed guidebook to the topic of spirituality. Simple to read yet profound in its insights, Spirituality & Recovery speaks to the many people throughout the world who do not practice a religion yet are spiritual in the way they live their lives and conduct their relationships.
