

## Taming the Oil Billionaire: The Complete Box Set

Born into a life of luxury, Brett Stevens has never wanted for anything. The blue-eyed, drop-dead gorgeous son of an oil tycoon knows how to get what he wants and isn't the type of man who takes no for an answer. Assuming control of the London office of Stevens Inc. is the first step in his plan to take over the family dynasty one day. Highly regarded by his associates, Brett's new role as CEO fits him well. Accustomed to random women throwing themselves at him, he's a bit mystified when his new assistant all but ignores him. Sophie Grahama diminutive, sensuous, unwanted distraction has managed to get completely under his skin. Sophie may be petite, but she's headstrong and determined to escape the memories of an overbearing, abusive father once and for all. The last thing she wants is to share an office with an arrogant boss who questions her every move. It isn't long before her frustrating preoccupation with the tall, charming Brett starts to interfere with her work. In a calculated move, Brett plans a business trip back to his hometown and presses Sophie to accompany him. Knowing her refusal will jeopardize her job, Sophie reluctantly agrees to go. Sparks fly on the company jet, and things heat up even more once they are on the ground. Will Brett succeed in taming Sophie's independent spirit and claiming her as his? Or will she ignore the burning desire his dominance has awakened in her soul? When the beautiful young executive, Sophie Graham, decides to call it quits with her lover, Brett Stevens, he pulls out all the stops to change her mind. After all, the CEO of the European Division of Stevens, Inc. is used to closing deals and getting what he wants. When he offers her the world: a penthouse, unlimited money, and first-class travel, he expects her to stay. His pride takes a huge blow when she refuses and turns in her resignation, but he puts on a facade and lets her go. Sophie can't believe she let herself

fall so hard for Brett, handsome billionaire or not. As soon as she discovered he desired a kept woman without strings attached, she wanted out of the relationship. An old university friend makes the break-up easier by offering Sophie a fresh start in Sydney. The distance isn't doing much to ease her heartbreak, though; memories of Brett are haunting her night and day. Just when Sophie thinks things will never change, she meets a ruggedly handsome distraction. Adam, the tall, fun-loving and hot Australian bar owner proves to be the complete opposite of Brett and might be the one man who can ease her pain. Things get complicated when Sophie gets a hard-to-pass-up offer from an old colleague at Stevens Inc. Will she stay in Sydney and make a go of it or will she risk it all and follow her heart? When Sophie Graham was offered a position with her old company, Stevens Inc., she couldn't afford to pass up the opportunity. She is now looking forward to her first day in the Perth, Australia office. It is especially comforting to know her former lover, billionaire CEO Brett Stevens will be a continent away at the London headquarters. Adjusting to her new position is proving to be difficult, but Sophie is slowly making friends. News of an upcoming visit from corporate is a bit unsettling, but the memo doesn't provide extra details. Sophie has a suspicion it's none other than the very person she is trying unsuccessfully to forget. Turns out, she's right. Brett arrives in Perth to handle a few business affairs and tries hard to appear unaffected when he comes face-to-face with Sophie. In fact, he barely gives her a second glance and goes out of his way to ignore her in the office. Her presence soon overwhelms him, and it isn't long before he makes a calculated move. After Brett insists that Sophie accompanies him while he inspects the company's mines, the trip ends in disaster, and they are forced to rely on one another to survive.
