

For the Love of Texas

You cant miss what youve never hadThats the philosophy Claire Hannafords always followed. Orphaned shortly after her birth, Claires never had a familyand shes convinced herself she doesnt need one. Being on her own means shes free to take nursing posts wherever and whenever she wants.Her latest assignment brings her to the Parker Ranch to care for ailing Mae Parker, the clans formidable matriarch. Claires never seen a close-knit family like this one, and it reminds her that shes on the outside looking in. Tanner Reid, a member of the extended family, feels hes as much an outsider as Claire and reaches out to her.Before long, Claire realizes that Tanner and the rest of the Parkers have given her the home shes never had. And as the time to go draws near, Claire wonders how she can possibly leave her heart behind.
