

The Coin Has Two Sides by E. T. Rische, author

When Lucas Gaudin was left, literally, at the altar, he had no way of knowing it was only the beginning. Soon, he would realize he was the object of a psychotic vendetta. Adele Mallot, a single mom, having survived an abusive marriage, has raised her son well and is now the owner of a landscape business. Friendship with Lucas brings joy into her life, but unfortunately, this association precipitates her own involvement in the vendetta. The coin has two sides - love or hate; life or death.
