

Beach Song

Maggie Sheffield, world renowned, Cellist with the Boston Symphony has decided to leave her career. The continual demands and concerts have worn her down. She has lived alone all her life and now wants to find someone to share her life with. The only way to do that is leave her life in Boston, and move to the Oregon Coast; the place she discovered on a past vacation. Eric Creswell, a retired FBI agent, ends up meeting Maggie in a most unusual setting as their relationship begins late one night, in a restaurant parking lot. This is the story of two people who are looking for love in their life. A life, for both of them, that has been empty for too many years.
