

An Industrial History of the American People (Classic Reprint)

Excerpt from An Industrial History of the American People The underlying thought of this book is borrowed from one of the greatest thinkers of modern times, who, among many wise sayings, once wrote this piece of advice Read not to contra dict and confute, nor to believe and take for granted, nor to find talk and discourse, but to weigh and consider. This gives us in a nutshell the task of high school education, to teach our boys and girls in such a manner that they may in time be come thoughtful students of men and events.
