

Angels Ride Bicycles: And Other Secrets

Hope Matthews felt that something was missing. Actually, she felt that quite a lot was missing. But was she supposed to want those things? A life of grandeur they called it. Delusional to expect life to give you it all. Shouldn't she be happy with her lot? Was her small flat and her humble lifestyle really that bad. Didn't she have enough to make her happy? But God knew better. God knew she was special. Then she met Greg. God thought he was special too. Through a therapist's journey in therapy Hope starts to remember she starts to feel the connection being blown on the wind. She starts to remember that she is a child of God and that life can be better than this. Much much better!
