

The Origin of the Late War: Traced From the Beginning of the Constitution to the Revolt of the Southern States (Classic Reprint)

Excerpt from The Origin of the Late War: Traced From the Beginning of the Constitution to the Revolt of the Southern States

In writing this book, I have endeavored to trace, in a manner which I trust will be intelligible to the general reader, the interior course of the long controversy, sometimes active, and again much subdued, but never absolutely at rest, between the North and South. It was my purpose to make known the North and South. It was my purpose to make known whatever the facts of the case should of themselves indicate, without any regard to party interests or prepossessions. As the negro was, at the beginning, more or less conspicuously concerned in the question, and on considerations relating chiefly to the master rather than in an uncertain condition, after a war which has destroyed more than half a million of men who were fellow-citizens, and probably twice as many of those who were made the occasion of the contest. This contest also placed the free institutions of the country in a state of peril still furnishing grounds of just apprehension. About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
