

The Secret Of Lizard Mountain

Its the start of the school summer holiday and four friends, Bob Hughes, Steve Martin, Nick Russell and Billy Price are going on an adventure to a disused quarry known locally as Lizard Mountain. Then when Steves sister, Pam and her friend Christine Brown turn up to swim in the pool where the boys are fishing, something strange happens and they are swept into another world where they are tasked with delivering a holy relic to its rightful place. Little do they know of the dangers that await them on this journey or the friends and enemies that they will encounter on the way.
