

## Thirty Something

Through her transparent and illuminating personal story, author Christee Goode takes an honest look into her own life, personal choices, and missteps that have led her to a concrete, continuously evolving relationship with God. By addressing the complications of pride, insecurity, purpose, career, relationships and family that many women in their young adulthood face, she identifies the importance of true believers, never forgetting what God wants most for all - a personal and intimate relationship with Him. *Thirty Something* challenges women, whether they are in their thirties, older, younger, married, or single, to nurture their individual relationship with the Lord by making Him first in their lives. In so doing, as she discovered, you will find, the joy of the Lord truly is your strength.
