

## The Alphas Absolution: Paranormal Werewolf Romance (Thunder Falls Wolves Book 3)

Collin Cromwell does not like to be hunted. Collin knows his rightful place is with Kayla and his pack, but Bob Stone has backed the lovers into a corner. Turning Kayla has changed everything and only Bob stands in their way of returning to Thunder Falls and finding peace. And now that Kayla knows Collin is a shifter, he must tell her the truth about Kitty. The world is a new place for Kayla. Kayla has become a shifter and the man she trusted is to blame. How can she love this man, this beast? She doesn't know how to make her peace with him or her new self, but she still needs him for Kitty's sake. She has no one left to trust. She cannot imagine life without Collin, but there is still something he is not telling her. Hope is a luxury for two lovers with nowhere left to run. Protecting Kayla and returning to the pack is all that matters to Collin, which means ending Bob Stone. But going back to Thunder Falls doesn't mean welcoming arms. Collin must help Kayla accept what she has become if they stand any chance of stopping Bob. Only then can they return to their daughter and hope to convince the pack to accept Kayla as one of their own. Excerpt Wow, he managed, startling her as he said it. The light faded as she rose to her feet in front of him, allowing him to see her naked form for a brief moment before the darkness returned around them. The last thing he saw before his vision became useless was a gentle smile in her eyes. I didn't mean to startle you, he said, I was just worried. It's okay, she offered. Are they still asleep? They were when I left. There had been another question in her words, or so he believed, but Collin stayed silent. Now, even in the total darkness, he could feel her getting closer to him, silent footsteps on the crushed dirt floor between them. Collin, she said low and seductive. Yes? Would you shift for me?
