

When a Woman Overcomes Lifes Hurts

Author Cindi McMenemy's bestseller *When Women Walk Alone* (more than 100,000 copies sold) confirms her gift for encouraging women who are journeying through difficult seasons. In her newest book, she offers help for women who are dealing with wounds from unresolved issues in their past. *When a Woman Overcomes Life's Hurts* explores the kinds of hurt women experience and offers gracious, biblical counsel on how and where to find healing. Cindi shares the faulty thinking that often accompanies life's wounds and replaces it with truths every woman needs to know about how God views her. She takes women from feeling insignificant to realizing how much the Lord loves them, from feeling undesirable to seeing their true beauty, from feeling they're not good enough to recognizing how special they are. This is a book filled with grace, redemption, and transformation leading women toward a renewed focus on God, a resurgence of inner joy, and better relationships with others.
